The Nagamori Foundation is proud to announce the 9th Nagamori Awards

Awards

Grand Nagamori Award - 5 million yen, Nagamori Award - 2 million yen

Commendations

The Nagamori Awards will be given to approximately six people.

The winner of the Grand Nagamori Award will be announced at the commendation ceremony.

Application period

November 01, 2022 - January 31, 2023

Areas of study

Technical fields related to motors, actuators and power generation, distributed control methods, application technologies, etc.

Requirements for application

Applicants must be able to read, write, research or develop product engineers who have made an outstanding achievement in the fields covered by the Nagamori Awards.

Entry to this course is normally defined as no more than 10 years of research after obtaining the bachelor's degree.

Limitations to the Nagamori Awards

Candidates must attend the event (commemorative event) held on September 03, 2023, give a lecture in English, and submit all the documents requested by the Nagamori Foundation. Candidates will bear travelling expenses and accommodation fees for the winner and his/her companion to attend the award ceremony.

Candidates' reports of their scientific domain, etc. must be able to communicate in either English or Japanese.

Summary

Self-nomination and/or nomination from academic institutions are accepted.

A recommendation letter by an expert in the field covered by the Awards, or a similar document of your Academic Society, organization, research department, etc. must be submitted.

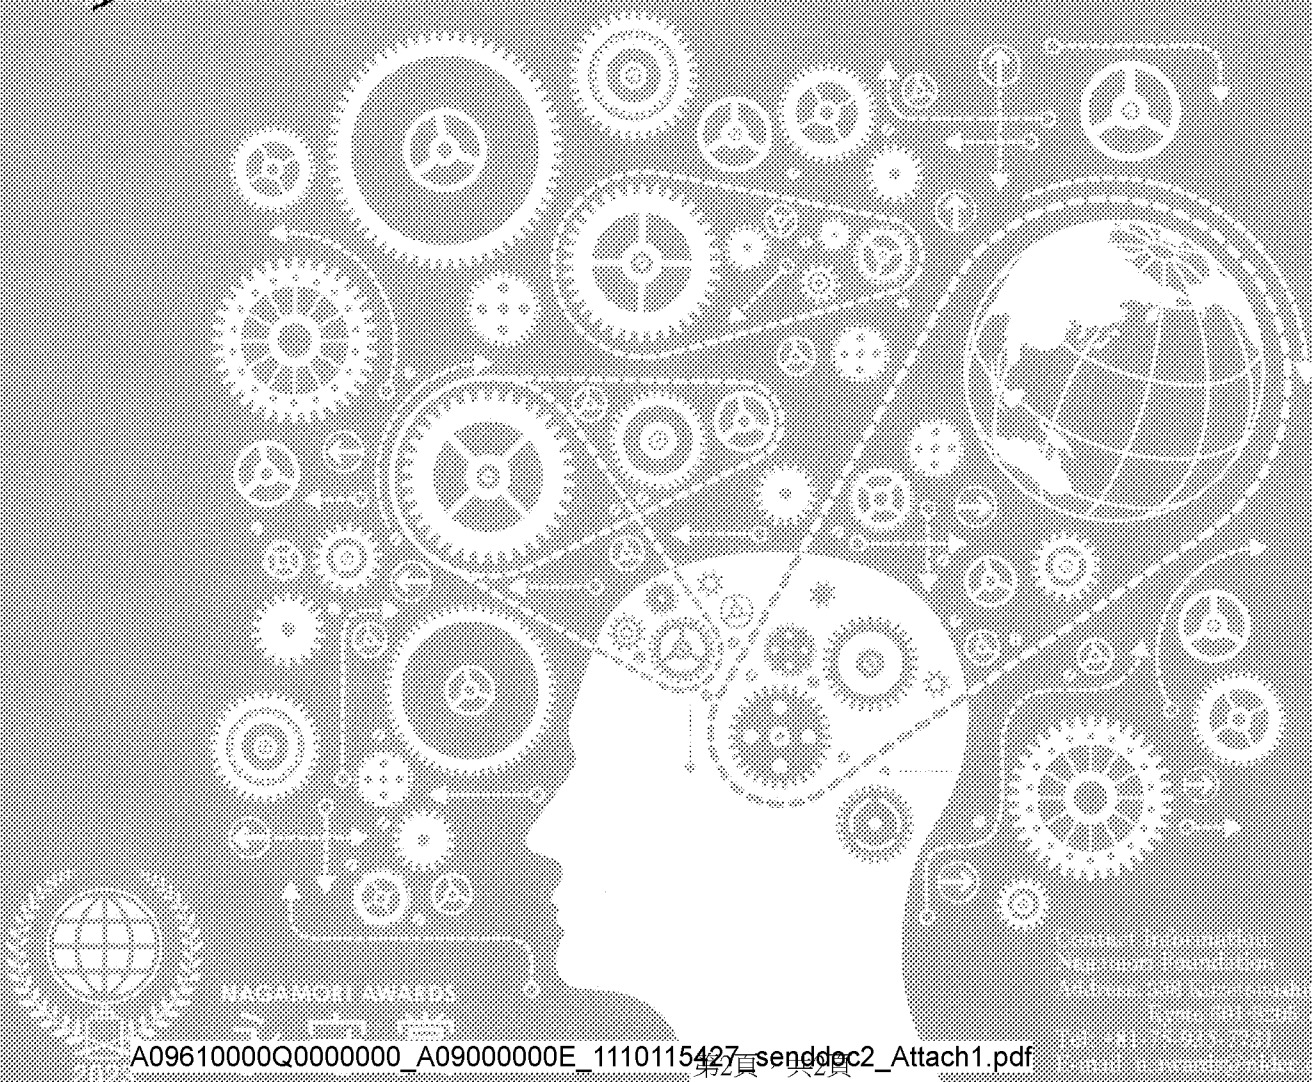

Announcement of the winners

The Awards will be announced on our Foundation's website, and winners will be notified in January 2023.

The ceremony is scheduled to be held on September 03, 2023.

Nagamori Awards

Electricity is an indispensable part of our daily lives. It is claimed that humans are 90% of the electricity generated around the world. Electricity is the source and development of modern society, and it is a key to solving the world's energy and environmental problems. To further promote motor-related technical research and development, we will start accepting applications for the 9th Nagamori Awards.
